- * International events
- * other community events

- * Dancing programs
- * Cultural shows
- * Collection of customs

- * Funeral Programs
- * Donations
- * Scholarships

To implement a task	<ol style="list-style-type: none"> 1 at least 70% of the vote is needed 2 President's veto can still block an "approved proposal". In that case, unanimous vote of advisory board is required to override the veto
For elections	<ol style="list-style-type: none"> 1 A candidate needs to be approved by the advisory boards or current EC first before running elections 2 Demographics, backgrounds, goals and commitments will be examined 3 Positions are "staggered terms," meaning only a few offices will be vacant at a certain time
Removal of EC	<ol style="list-style-type: none"> 1 Approval from majority of advisory boards AND EC members is required to remove an office 2 Any criminal act, or major violation of the United States laws is an automatic removal from the office 3 Replacement is not required, immediately. However, the automatic successor should be the person under him/her.
